

DIGITAL ASSET GROUP

A complete back-office solution for your digital asset clients

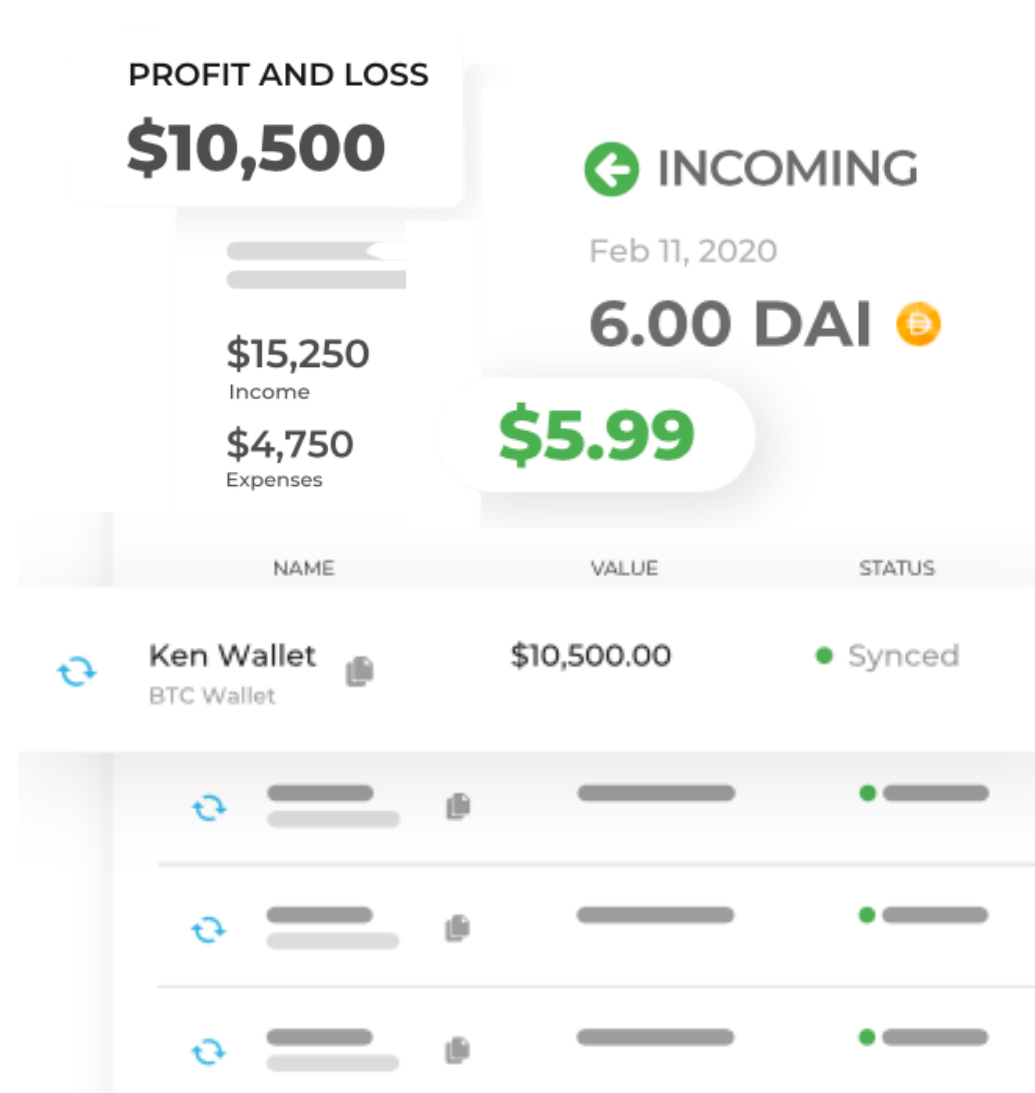

SERVICES

- Outsourced CFO role for your digital asset clients
- Integration with QuickBooks
- Digital asset bill pay
- Set up internal controls for digital assets
- Assist your digital asset clients with portfolio tracking, tax planning and tax compliance
- Audit ready backup to streamline your financial statement audit process
- Compliance related to foreign bank account reporting
- Comprehensive payment system and accounting set-up for your digital asset clients

SOFTWARE & TRAINING

In tandem with Gilded, our service produces, records, and tracks all books and records with the necessary information to be audit-ready.

Your firm audit teams will receive Gilded subscriptions and training on all solutions.

OUR PARTNERS

Gilded

Gilded is the leading digital asset payment and accounting solution and is backed by the AICPA and CPA.com.

We integrate Gilded's digital asset invoicing platform into our service and work together to customize a solution for your client's Blockchain Back Office needs.

MMBA

MMBA is a leading blockchain consulting firm that offers additional support for our Digital Asset Group.
